

Recently Graduated?

NOW'S THE TIME TO GET AHEAD!

Recently graduated and not sure
what to do next?

Know *what* you want but aren't sure
how to make it happen?

Career Clinic is here to help.

We've developed a **specialist graduate programme**
to help you fast track your next steps
to a successful career.

Not just **how** to identify what you really want to do
but how to **make** that actually happen.

You choose the modules you want, or package the
whole lot together to supercharge your career
starting now!

Career Clinic - where experience delivers!

Graduate Career Programme

GET A JUMP START ON YOUR CAREER TODAY!

Ready, Set, Career – 2hrs

You will gain a clear understanding of what you specifically have to offer, where you should focus your efforts in the next steps in your career journey and develop an action plan to make it happen.

Job Seeking Smarts – 1 hr

You will learn how the job market really works, how you can succeed in securing the position that you want and develop an action plan to make it happen.

Savvy Self-Marketing – 3 hrs

You will learn how to effectively market yourself - not just through your CV and applications but via your online presence and the contacts you make as you begin your career journey.

Winning Interview Techniques – 2 hrs

You will learn the types of questions you will be asked and be coached in how to best prepare and practice your interview techniques.

Ongoing Coaching (as required)

Get additional support as you work through your action plan with 1:1 coaching.
